Meeting individual needs...to the best of our ability.

19th January, 2016

Dear Parents,

Over the last few months a lot of work has taken place to set up a new website for Bramingham.

We hope you like it and will find it useful. We will continue to improve it further and welcome your suggestions. Please contact Michelle Bithrey via our office email. We would like it to contain images of our children taking part in the many activities they do but we want to make sure you are happy having their photos on the website. Of course we would never put a name to an image. Our aim is also to provide a better insight into what your children do whilst on school trips outside of school. We will be setting up areas that will be password protected and only the parents of the class will have a password to view the children. For example - Year 5 go to Kew Gardens. Whilst they are there they take part in a group activity. We will be able to video that activity, send the link to the website, select a password, share that password with Year 5's parents via a text and then only Year 5 parents can watch their children taking part on the trip. This would then be removed after a short period of time.

I am aware that some of you may not want your children to be viewed by anybody else at all, even in the same class and we would want to follow your wishes. Please complete the form below if it applies to you and return it to the class teacher who will pass it on to Mrs Bithrey.

Hopefully you will have received the text sent at the weekend. If you have managed to find the clues and have worked out what word they spell please drop us an email. The successful people will have their names entered into a draw and a small prize will be given to the one picked out. This will take place next Monday.

Yours sincerely,

Sharon Flowers
Headteacher

Bramingham's Website - Photographs

I would prefer my child NOT to be part of any photographs where they can be identified from the image.

Please tick the box ☐

I would prefer my child NOT to be part of any photographs where they can be identified from the image, however, I am happy for them to appear on a password protected area.
